Ergonomic Synchronized Position

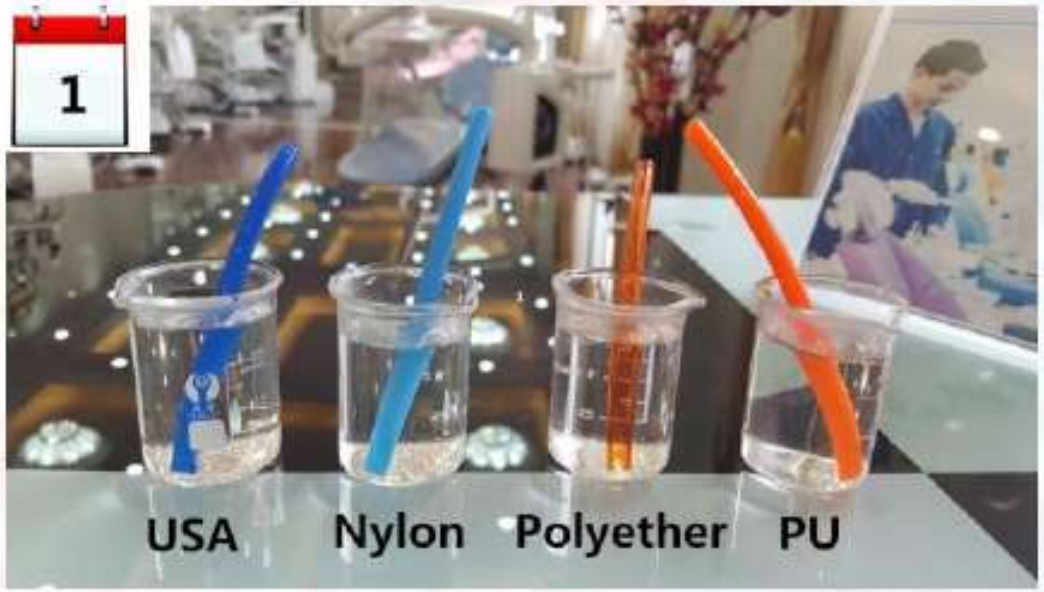

Patients won’t feel uncomfortable during chair movement.

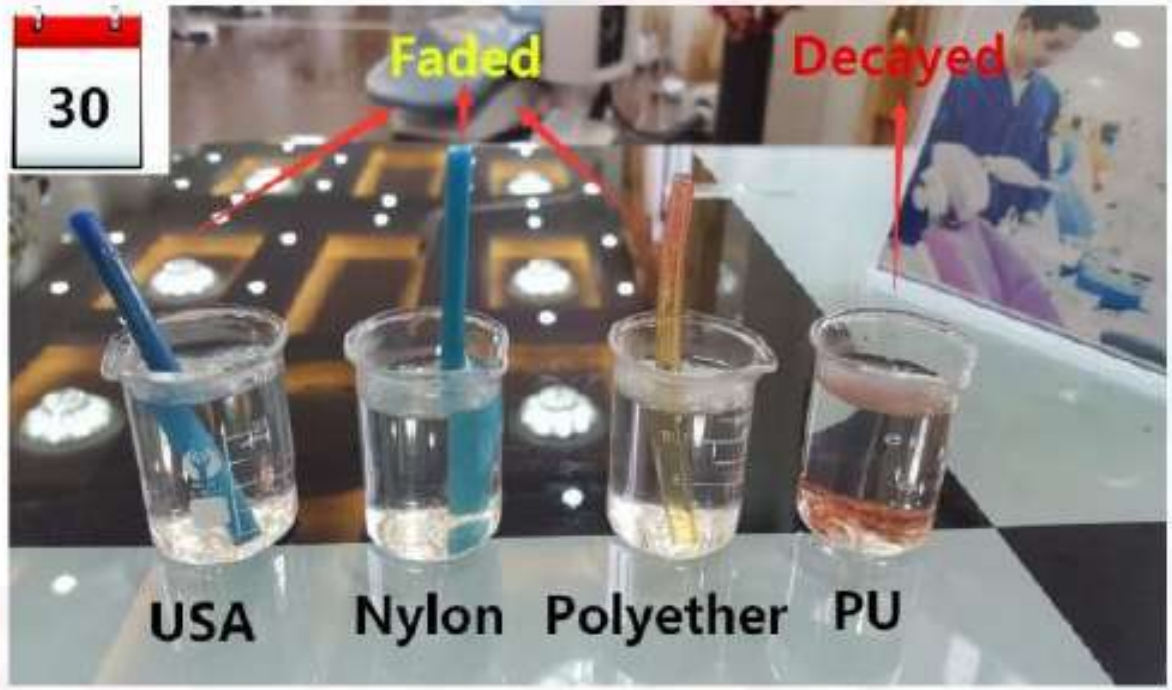

Imported USA hydrolytic resistance water/air tube,7 years or even longer life span.

Testing of water & air tubing with strong acid

Day 1

After 30 days...

After one month, the "normal PU tube" was broken and corrupted. At the meantime, the "imported USA tubing", "polyether tubing", "nylon tubing" just became transparent, indicating that they are very durable.

Voltage regulator stabilizes electric current and

increases life span of the machine.

- **Italian air filter regulator**

- **Denmark LINAK motor**

- **Italian CEME solenoid valve**

- Programmable setting the time of cup water supply and spittoon rinsing

- Ceramic Spittoon

- 2 light sources
- Manual / Sensor / Voice control
- Detachable handle
- Patent: ZL 2021 3 0595586.1

Dentist Stool

Features:

Ergonomic tilt. Helps you maintain the natural curve of your back reducing strain and fatigue.

Large, anatomically-shaped backrest. Hugs the lower back.

Rolled edge. Helps reduce pressure on the legs and allows for proper circulation.

Easy-to-reach levers. Allow incremental or dynamic hip angle adjustments and seat height adjustment.

Adjustable torso support. Easily locks in place and can be converted for left or right-handed operators.

Option: Cart type Instrument Tray
